Payouts will be issued back to credit, or debit, cards used to process deposits. All charge or debit card depositors must receive payments on winnings via other payment methods. Further information, authorization and identification will be required of the cardholder before any payouts are processed. No withdrawals will be processed without first meeting the requisite 15 days clearance on all credit card and debit card deposits. Payouts back to cards take approximately 7 business days to reach your bank.

Please note: In order that we may best facilitate our customer's needs, we sometimes add new payment methods that we think might serve well and discontinue those that do not. For the latest information on payment options, please contact a service representative at 1-800-274-8313.
